What was your overall first impression of the website?

I really like it! The colors are both eye-catching and pleasant. It feels modern, sleek, and professional. It demonstrates Ashley's personality, qualities, skills, knowledge, and what she can bring to the table to any company who is lucky to have her.

Did you have any technical difficulties as you navigated through the pages and displayed the projects?

I did not have any technical difficulties as I navigated through the pages and displayed the projects.

What do you feel are the most effective design elements of this web portfolio? What would you suggest be changed with the design or content of this web portfolio?

The most effective design elements of the web portfolio is that it is easy to navigate and that the content of the portfolio is very straightforward and concise. I like that she was able to tailor all her layout and graphical designs to suit her portfolio.

To me, I don't have any suggestions on what to change about her portfolio. I can see that it was well thought out and that she took time to make sure each aspect was exceeding set standards and expectations.
